

## AdviceWorks Shortcut for Mobile Devices

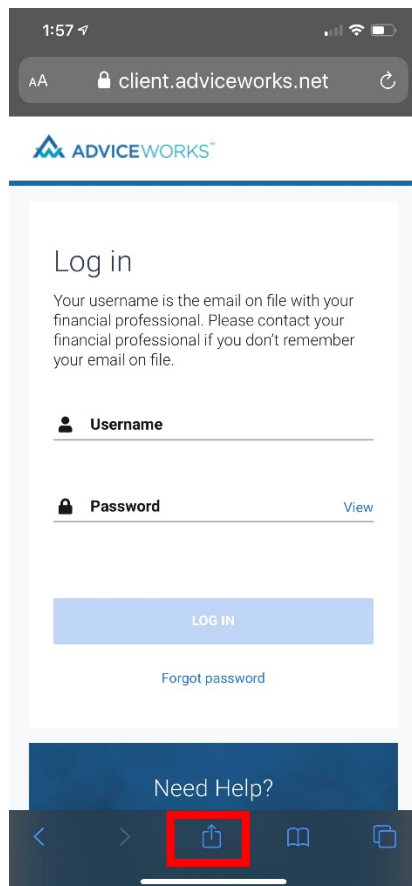

Create easy access for AdviceWorks by adding a shortcut to your mobile devices. AdviceWorks is designed to work on all devices and all screentypes.

### Creating a Shortcut:

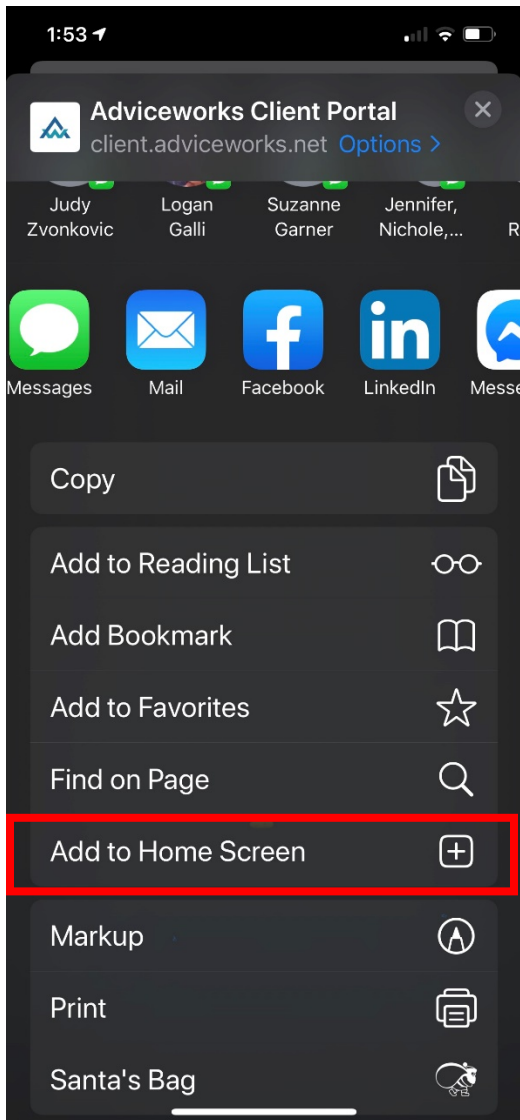

Step 1: Access the AdviceWorks site and select the sharing icon from the footer.

Client: <https://client.adviceworks.net/auth/login>

Advisor: <https://advisor.adviceworks.net/auth/login>

Step 2: Scroll to the action “Add to Home Screen”

Step 3: Once you select “done”, you have successfully added to your home screen.
